

Englert LeafGuard: Best Gutter Warranty in The Business!

There are no better home improvement warranties out there than at Englert LeafGuard! All warranties are 100% transferable for the life of your home!

Paint Finish Warranty:

LeafGuard is protected with a ScratchGuard® paint finish that will not chip, peel, crack, rot or rust like many other gutters. ScratchGuard keeps your gutters looking better, longer and it is “warranted” for the life of your gutter, meaning that it comes with a Limited Lifetime Warranty.

The incomparable surface defense keeps it looking good as new, and increases resistance to scrapes and scratches. Most standard gutters cannot stand up to the elements, and begin looking old and worn out very quickly. ScratchGuard keeps your gutter looking new and fresh for years to come. You will never have to paint your gutters!

In addition to resistance to chipping, peeling and blistering, the ScratchGuard coatings are formulated to resist color fading due to normal weathering for a reasonable period of time, depending on the atmospheric conditions that your home is exposed to. The ScratchGuard Finish has built-in color retention ability to resist dirt and stand up to the environment. The resistance to dirt adhesion provides a self-cleaning feature, which helps to greatly minimize loose surface dirt caused by normal rainfall.
